Validity of rates:

Unless otherwise specified all rates are valid to 31 March 2007. We reserve the right to amend rates should the cost of services increase beyond our control.

Air charters & weight restrictions:

There is a general weight restriction for luggage of 10kg per person in soft bags only with each aircraft type having a maximum payload (weight of passengers and luggage). Most charter flights are based on single-engine aircraft. If a twin engine aircraft is required then please contact us for applicable additional cost. Likewise, if a single engine aircraft is booked and a twin engine aircraft is required on the day of travel due to weather conditions or any other reason, this will be at the client's expense. It must also be noted that a delay in travel time or date may occur in extreme circumstances where an upgrade to a twin engine aircraft is not available. Please make sure all clients are adequately insured for such events.
